CANOE PADDLE CARVING

Try your hand at carving with this fun course! Have you ever canoed using a paddle custom-built to your height and preferences? The difference will amaze you. Choose either Otter Tail or Beaver Tail shaped blade for your paddle. Each participant in the class will be provided with paddle blank laminated of carefully selected woods. Using hand tools you will carve your paddle blade to the desired shape. Once the blade is shaped, you will custom fit your paddle, by carving the shape of the grip area to fit your hands and cutting the paddle shaft to the perfect length for you. Students leave with a completed paddle. Beginners welcome.

S/U	9/16 & 17	9am-4pm	\$200 for HRMM members \$245 for non-members

GROUP BOATBUILD: NORDIC SKERRY

Learn traditional boatbuilding techniques in this scratch boatbuilding class with RWBS Senior Instructor Michael Puryear. The group will build a "Skerry" a Norse inspired 15' lapstrake double ender sailboat with a sprit or Gunter sloop rig which may also be rowed. The project will start with plans by Chesapeake Light Craft. The students will have hands on experience developing plans into the parts that will make up the boat and assembling it. At the end of the class, each student may participate in a lottery for the finished craft. This is the perfect opportunity for anyone considering building a boat from plans or a kit.

R/F	9/21-11/3	10am-4pm	\$495 for HRMM members
S	11/4	10am-4pm	\$540 non-members

HAND CARVING: DECORATIVE AND UTILITARIAN DESIGNS

Join RWBS Senior Instructor Andrew Willner and European-trained Master carver Georgette Kadgen in this unique course. Learn about the distinct styles of carving and choose your own path as Willner and Kadgen guide you in a custom carving project designed by you. Options include decorative pieces, marine signboards, or utilitarian objects such as bowls or spoons.

S	9/23-10/14	9am-4pm	\$345 for HRMM members \$390 for non-members

WOODWORKING BENCH

Join us for this hands-on experience building woodworking benches for the Riverport Wooden Boat School. We will build three benches for the boat school shop. This is an opportunity to learn the principles of design and the joinery techniques for a functional woodworking bench. Each student will be given a shop drawing of a bench that they can use as a basis for building their own bench.

S/U	11/11-19	9am-5pm	\$395 for HRMM members \$440 for non-members
