

Certified Production Technician

The purpose of the Certified Production Technician (CPT) program is to recognize, through certification, individuals who demonstrate mastery of the core competencies of manufacturing production at the front-line (entry-level through front-line supervisor) through successful completion of the certification assessments. The goal of the CPT certification program is to raise the level of performance of production workers both to assist the individuals in finding higher-wage jobs and to help employers ensure their workforce increases the company's productivity and competitiveness.

The CPT program consists of four individual certificate modules: Safety; Quality Practices & Measurement; Manufacturing Processes & Production and Maintenance Awareness.

Candidates must earn all four certificates to receive the full CPT certification.

Suggested Prerequisite: 9th Grade Mathematics and 10th Grade English

Registration fee: \$60

For more information on these or for further information regarding the CPT Program, please contact Barbara Reer at 845-802-7171 or reerb@sunyulster.edu.
