College Scholars Program.

An **Outstanding** Opportunity for **Outstanding** Students who are

- Graduating in the top 10% of their class from an Ulster County high school or are a resident of Ulster County graduating in the same year of application to SUNY Ulster.
- Receiving a NYS Regents Diploma.
- Applying for Federal and State financial aid and providing all award certificates to SUNY Ulster's Financial Aid Office.
- Planning to study full-time at SUNY Ulster, having attended no other college or university.

"I chose to come to SUNY Ulster as a College Scholar because the full-tuition scholarship is helping me save money toward my second two years of college. I was surprised to find that Ulster feels like its own little community. I have great professors who guide me through my academics and I've met lots of new friends who I hope to keep for the rest of my life. I plan to become an elementary school teacher and the transfer office is already helping me plan a smooth transfer."

Kelsey J. Berryann
Childhood Education Major
Class of 2012

College Scholars Program Application.

Name of Student _____

Home Address _____

_____

City/State/Zip _____
