SUNY Ulster's Educational Opportunity Program (EOP)

SUNY Ulster's Educational Opportunity Program provides academic support and financial aid to students who show promise for mastering college-level work. Offered primarily to full-time students who are New York State residents, EOP accepts a limited number of students who qualify academically and financially for the program. The primary goals of EOP are to facilitate the recruitment, enrollment, retention, and graduation of its students. This is accomplished by providing EOP students with an array of educationally related support services.

Counseling and Academic Advising

Each student in the EOP program is assigned to an academic counselor while attending SUNY Ulster. They are expected to meet with their academic counselor regularly for individual counseling/advising.

Support Services

Free tutoring is available for most academic courses. Students will have access to individual tutors. The Learning center is the place for every EOP student to strengthen skills needed to succeed in college. The Learning Center is located in John Vanderlyn Hall on the 2nd floor.
