## DRONE PRIMER WEBINAR

This gives an overview of what a drone is, information on how drone use can benefit an organization, and the requirements for operating a drone commercially in the United States. This one-hour long webinar is followed by an online Q&A.  
 Visit [www.skyop.com/drone-primer](http://www.skyop.com/drone-primer) for dates and to register.

## INTRO TO DRONES FOR COMMERCIAL USERS

Drones are a dynamic, emerging technology that will transform industries. This course is a comprehensive overview of the information your organization needs to start using drones, how drones can be used in specific business applications, and how drone technology can bring efficiencies to your business. (8hrs)

DCB 2275 S 9/7 8:30am-5pm SRC \$545

## HANDS-ON INDOOR FLIGHT TRAINING - BASIC QUADCOPTER

By flying indoors using a model quadcopter, you do not need to contend with weather conditions and allows you to focus on controlling the aircraft. You will go through a series of increasingly difficult exercises and will be flying through an obstacle course by the end of the day. (8hrs)

DCB 2276 S 9/21 8:30am-5pm SRC \$545

## PART 107 TEST PREP

Anyone operating a drone for any commercial purposes must obtain an FAA Remote Pilot certification. This highly focused course prepares you for the test to receive this certification. The course fee includes a workbook, a sectional chart, an FAA test supplement, and 50 FAA sample test questions. (8hrs)

DCB 2278 S 9/28 8:30am-5pm SRC \$545

## INTRO TO DRONES BUNDLE - COMMERCIAL

Save \$150 by registering for the Intro to Drones Bundle, which includes Intro to Drones for Commercial Users, Hands-on Indoor Flight Training and Part 107 Test Prep.

DCB 2279 S 9/7-28 8:30am-5pm SRC \$1485  
 No class 9/14

## NEW! DRONE PHOTO & VIDEO PRODUCTION

One of the most popular uses for drones is capturing aerial photos and videos. This 16-hour course provides an overview of best practices for capturing aerial imagery for commercial purposes using unmanned aircraft. Students are introduced to basic post-processing techniques using industry-leading Adobe software.

DCB 2291 S 10/5 & 12 8:30am-5pm SRC \$995
