

AIR CONDITIONING CERTIFICATION

Study HVAC theory, AC systems, heat pump systems, troubleshooting and maintenance of units found in many residential situations. Industry Standard examinations are proctored at the end of the session in both R410A Certification and Universal EPA 608. Textbook for self-acquisition is:

Refrigeration & Air Conditioning Technology

ISBN: 978-1305578296. Safety glasses are required.

TR101-0211CT T/R 2/11-5/19 5:30-9:30pm CT \$1,899

OIL HEAT TECHNICIAN

This course is useful for homeowners, maintenance personnel, or those seeking employment as an entry-level technician. Ulster BOCES is a NORA (National Oil Heat Research Alliance) approved program and follows the NORA Bronze curriculum which includes training in electrical theory, introduction to the burner and oil burner certification and controls. Safety glasses are required. NORA Proctored Exam at conclusion of training.

TR102-0211CT T/R 2/11-3/3 5:30-9pm CT \$1,999
+ Lab M/W 3/9-5/27

WELDING CERTIFICATION COURSE

This entry level course will provide the training necessary to sit for the American Welding Society shielded metal arc welding entry level certification (SENSE Testing). Includes instruction in welding safety & health, drawing and welding symbol interpretation, shielded metal arc welding (SMAW), gas metal arc welding (GMAW), flux cored arc welding, gas tungsten arc welding (GTAW), thermal cutting, plasma arc welding (PAC), and welding inspection and testing. Tuition includes personal welding equipment. AWS D.1.1 testing fees are extra.

WW112-0302CT M/W 3/2-5/11 6-9pm CT \$1,499
WW112-0303CT T/R 3/3-5/12 6-9pm CT \$1,499

AWS STRUCTURAL WELDING EXAM

AWS D.1.1 structural steel, 1" groove weld, 3G and/or 4G Positions. Proctor: C. Hubert, AWS CWI

Exam fee is \$199 per position, maximum of two.

WWExam-0516CT S 5/16 8am-2:30pm CT \$199

ELECTRICAL APPRENTICE PROGRAM

This five-year program has been designed and developed to meet the mandated requirements for related instruction in the New York State registered Electrical Apprentice Program. Students will receive in excess of 180 hours of instruction per year for 900 hours over five years while attending class two nights per week from September to June. Classes will offer both theory and limited hands-on training. Upon successful completion of the entire program, New York State Registered Electrical Apprentices will be qualified as journey workers. This program of study is also open to those who are:

- Employed in the electrical trade and are not affiliated with a registered employer
- Employed in related trades who wish to expand their skills. Those who desire employment in the electrical trade

TYPICAL SCHEDULE

1st YEAR COURSES

Sexual Harassment in the Workplace	3 hrs
OSHA	10 hrs
Trade Math	45 hrs
DC Theory	39 hrs
Trade Safety	24 hrs
Residential Wiring I	30 hrs
Residential Wiring II	30 hrs
Electrical Blueprint Reading & Drafting	24 hrs

2nd YEAR COURSES

Work Readiness	24 hrs
AC Theory	39 hrs
Industrial Safety & Labor Relations	21 hrs
Instruments Measuring & Testing	18 hrs
Commercial Wiring I	30 hrs
Commercial Wiring II	30 hrs
National Electric Code	30 hrs
CPR/FA	8 hrs
Grounding & Bonding	30 hrs

3rd, 4th & 5th Year Cohort scheduling will be determined annually per instructor availability and student cohort needs.

Typical course offerings will include such course titles as, and not be limited to the following:

Welding for Electricians • Transformer Theory & Power Distribution • General, Fire Alarms & Security Systems • Semi-Conductor Theory
Industrial Semi-Conductor Theory • Electrical Estimating • Motor Generator Theory • Motor Control Theory • Motor Control Wiring & Motor Wiring
Industrial Wiring • Programmable Logic Controls • Logic Circuits • Telecommunications • Fiber Optics • PV Concepts & Systems • PV Installation
Networking • Optional Elective Offerings might be: Air Conditioning or Oil Heat program

*Allied Trades Initial Asbestos Certification is not offered through Ulster BOCES

For additional information and to initiate the registration process, call Carolyn Detweiler at 845-331-5050 ext. 3214.

EAP-2021CT • 60 Sessions/190 + hours - \$2,969 per year, and does not include textbooks.

Approved for the Training of Veterans. NYS Education Dept. & NYS Dept. of Labor Approved Program.

PROGRAM ORIENTATION (Including basic adult education assessment in math and reading skills.)

WHEN? Wednesday June 17 or July 15 or August 19 • 5:30 – 8:30pm

WHERE? Ulster BOCES Career & Technical Center Adult Services • 319 Broadway, Ulster Park (Route 9W, Port Ewen)
845-331-5050, ext. 3214 • cdetweil@ulsterboces.org

M - MONDAY • T - TUESDAY • W - WEDNESDAY • R - THURSDAY • F - FRIDAY • S - SATURDAY • U - SUNDAY
