CONTRACT TRAINING

Let us help you grow your business by training your employees. Examples of training include Excel, OSHA 10, Customer Service, Management and Safety.

For more information call Barbara Reer at 845-802-7171 or e-mail at reerb@sunyulster.edu

845-339-2025 • sunyulster.edu • cereg@sunyulster.edu

How to register

Use the following QR code to get more details about the courses listed here and to view all our offerings for the fall term. Register and pay online at sunyulster.edu/co, or by phone 845-539-2025, or in person at 34 Mary’s Avenue in Kingston. Office hours are Monday - Friday 9am-5pm.

TUITION & FINANCIAL SUPPORT

SUNY ULSTER offers numerous financial aid opportunities including scholarships and grants. Visit Student Resources at sunyulster.edu to learn more about what you might be eligible for and how to apply.

CAREER SUPPORT

The Career Services office is committed to supporting the Ulster community. Allow us to support your job seeking efforts either by critiquing resumes and cover letters or meeting one-on-one with a career advisor. To set up an appointment, e-mail Marie Kropp at kroppm@sunyulster.edu.

SMALL BUSINESS SUPPORT

Need a business counselor for starting or growing a business? SUNY Ulster is home to the Mid-Hudson Small Business Development Center. Call to make an appointment at 845-802-9150 or contact us at sbdc@sunyulster.edu.

College prep/GED®

Get your high school diploma.

Our GED® program, covering the four subject areas on the GED® test, is a comprehensive review designed for students seeking to obtain their high school diploma. All enrolled students have access to college admissions counseling.

New sections start every eight weeks.

HOW TO REGISTER
The path to reaching your career goals isn't always a straight line. For many traditional students, going for an associate's degree and then transferring to attain a bachelor's degree is a common path. For those who might have jobs and family obligations, it might be easier to take it in smaller steps. At SUNY Ulster, each degree fits within the other. Attain a microcredential and you're partway toward a certificate. Earn that certificate and you're halfway toward your associate's degree. All the credits you earn will count towards a greater degree if you stay within one academic path.

Industrial credentials can also help you along the educational path. Credentials can be used to signal that you have required the knowledge, skills, and abilities required in a specific occupation or industry. Similarly, microcredentials are an effective way to demonstrate your mastery of a new skill. Use these credentials to gain a promotion or advance your career in a new position.

Choose the Right Pathway for You!
Whether you are reskilling or upskilling choose your Pathway by thinking about your interests, abilities and values.

**ASSOCIATE’S DEGREE**
- **CERTIFICATE**
- **MICROCERTIFICATE**
- **GED**

**An Investment in Your College Education is Worth It!**
**Lifetime Earnings**
- **$1.5 million with a High School Diploma**
- **$1.7 million with an Associate’s Degree**
- **$2.3 million with a Bachelor’s Degree**

(These figures assume a 40-year working life. The College Payoff, Georgetown University Center on Education & the Workforce)

**TECHNOLOGY PATHWAY**
From computer science, engineering, and sustainability to advanced manufacturing and industrial design, technology is a diverse and growing field of study that leads to many career opportunities. We live in a tech-driven world where tech careers are one of the fastest-growing professions. Pre-apprentice and apprenticeships are available in many of these fields.

---

**VISIONARY**
These are idealistic, creative, and dreamers who want to blaze their own trail. They make the world a better place and are focused on the future, and want to set things right.

**ANALYZER**
Analyzers are thinkers and lovers of data and numbers. Research and finding answers are their focus.

**HELPERS**
Helpers want to make the world a better place and are focused on helping or providing service to others. They have a keen sense of empathy, and do things quietly and professionally.

**BUILDERS**
Builders are good with their hands and can manage anything requiring physical skills.

**ADVOCATES**
Advocates are compassionate and idealistic people who like to build bonds with others.

**CREATORS**
Whether a painter, musician or someone creating new technologies or products, creators love to think outside the box.

**FUNDAMENTAL CONCEPTS OF METROLOGY**
