## SGO and Student Council Raise Club Activities And Student Engagement

SUNY Ulster’s Student Government Association (SGO), in conjunction with the **Student Council**, has helped to significantly increase club activities and student involvement on campus. Special successful events including the Welcome Back BBQ, the Halloween Fest, the Veterans Luncheon and the planned Holiday Party in December have ignited more club involvement. The renovation of the SGO offices in Vanderlyn Hall (next door to the bookstore), the new student life television in the Student Life Center and the white board soliciting student ideas, are all part of the effort to increase student engagement at SUNY Ulster. Student leaders plan a number of special events in the spring including a Campus Picnic in May before graduation. To get involved contact [sgo@sunyulster.edu](mailto:sgo@sunyulster.edu)
